

Craiova, April 3, 2024

Curriculum Vitae

Dr. Nicoleta Cioatera currently fills an associate professor position in the Department of Chemistry, University of Craiova, Romania. She is also the head of Chemistry Department and in charge of Laboratory of physico-chemical characterization and testing of materials from INCESA – Research Infrastructure in Applied Sciences. Dr. Cioatera holds a PhD degree in Chemistry from Romanian Academy.

Her research activity is mainly focused on the synthesis, physico-chemical characterization and electrochemical testing of materials with various applications, such as: catalysis, (photo)electrochemical cells, fuel cells, biomaterials. Dr. Cioatera is the co-author of 54 ISI papers in the fields of materials science, multidisciplinary chemistry, chemical engineering and physical chemistry.

Dr. Cioatera is a member of Romanian Chemical Society and American Nano Society.
